**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to  
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I chose SONIC as my internet provider, as Comcast or AT&T could not supply the 1 gigabit fiber connection that I wanted, at all. This is not even a cost issue, although SONIC prices are better than other lesser offerings by the other providers. SONIC has provided an extremely reliable connection, I have no downtime, their customer support is excellent, and in all ways Superior to any offering by either AT&T or Comcast. They just can't provide this level of service, but SONIC can.

More competition is a great thing! It helps keep my cost down, it helps to provide reliable and better service.

I have been connected via DSL and then cable, but fiber is such a significant improvement there really is no comparison.
